

SANI-PAN is specially designed to insure complete Comfort and Protection for:

**BED WETTING CHILDREN - INCONTINENT
MEN and WOMEN - POST OPERATIVE PROS-
TATE PATIENTS - INVALID ADULTS - AGED
IN LOSS OF BLADDER CONTROL - ANYONE
WHO HAS NEED OF A PROTECTIVE UNDER-
GARMENT**

SANI-PAN is treated by the "sanitized" process for germ/odor protection. Proved by test to retard odors, inhibit germ growth and retard mold and mildew. . .even after repeated washings.

SANI-PAN is made of non-clinical looking plastic coated white knitted rayon.

SANI-PAN is specially designed to prevent seepage and provides a waterproof cover for pads, diapers and absorbent panties. . .protects day-time clothing and bed linen.

All edges are nylon bound to increase the life of this garment.

Additional sure lock stainless steel fasteners on each side give better protection against seepage while insuring a comfortable fit.

RECOMMENDED WASHING INSTRUCTIONS

Use a good soap or detergent, adding recommended amount of household bleach if desired.

If machine is used, normal cycle of washing, rinsing and drying is sufficient. . .Drip Drying is recommended.

If automatic dryer is used, avoid excessive time and excessive heat.

BOILING - 15 to 20 minutes in a solution of neutral soap.

SANI-PAN is the registered trademark of Murray Salk, inc. . . .Leaders in the field of Protective Underwear for Incontinence.
