Here is a business idea so ideally suited for home earnings, so inexpensive to start and so cost-free to maintain that you will be amazed.

We want you to read every word of our story—because it may mean the difference between just getting along or finding a wonderful, fascinating profitable career in a field that has brought profits and prestige to hundreds of average men and women.

Let us tell you about it. Many years ago the secret of invisible fabric weaving was developed by old-world craftsmen. By the use of this skilled art, men discovered they could take a garment that had been damaged by moth holes, cuts, burns or tears and restore it to perfect condition again—so perfect, in fact, that the spot of the former damage could not be found.

For centuries this skill was a closely guarded secret passed on from father to son and no amount of money could get this information for an outsider.

An Ancient Art — Modernized

A few years ago the Fabricon Company spent much time and research on this ancient art. They modernized it, developed up-to-date equipment for this work. Then they began teaching it to a selected group of students. Results were amazing. Students quickly produced expert work. But the cost of the course was high. Students had to come to Chicago, spend considerable time in supervised classes, costs ran into many hundreds of dollars.

As students ourselves it seemed to us that the course with the new modern equipment was so simple and so easy to grasp that it could be taught as effectively without classroom instruction. So we convinced the Fabricon Company of the wisdom of getting the secrets of this age-old art down in black and white, in simple written form.

When we published our first manual on the Fabricon Method, the results exceeded our wildest hopes. Not only in the numbers of people who had been seeking just this perfect way to earn extra money at home—but in the quality of work many of them have been able to perform in a short time.

We are now in the fourth re-print of our instruction manual. Each issue has been improved and expanded as we found new and better ways to teach by mail. It is hard to imagine how further improvement could be possible. Among the many people who are now in a successful business as a result of our help, we have wonderful compliments about the process, and the truthful way we advertise it.

No Supplies to Buy — Ever

What makes the invisible reweaving business so especially good? The one thing that we feel makes invisible reweaving so outstandingly attractive is this—once you have learned the Fabricon Overlay Method, you never have to spend another penny for equipment, supplies, materials or merchandise. We have nothing else to sell.

There are numerous other attractive features, too. Let us list here just a few of the highlights. The work is easy to learn for anyone with normal use of hands and good eyesight (with or without glasses) who sincerely wants to learn.

Then there is the marvelous flexibility of putting this trade to work for you. You can work full time or you can use it as a part-time extra income, or even to repair your family's clothing.

It is our opinion that the field is uncrowded and that the prices the work commands are high. The reason for this, we believe, is that in most areas there is practically no competition.

The Fabricon course is the most complete of its kind. It is detailed and illustrated down to

the last item. It not only teaches the process of overlay invisible reweaving with the Fabricon invisible reweaver but TELLS EXACTLY HOW TO START UP IN BUSINESS. AND—included in our complete course is the guaranteed equipment for doing the work, the Fabricon Invisible Reweaver—the only equipment you will need to start and stay in business.

Only Fabricon Can Teach Fabricon

Remember, the trade-marked Fabricon Invisible Reweaver is registered in the UNITED STATES PATENT OFFICE, No. 532,416. No one else can make or sell the Fabricon Invisible Reweaver. This special equipment is one of the secrets of our success.

More than that, we are so confident, from experience, that the Fabricon Method will bring you extra money working at home that all we ask, when you order, is a modest down payment.

There may be years of contentment, earnings and pleasure awaiting the far-sighted men and women who send in for the details of the Fabricon plan. Remember, we DO NOT send a salesman. All information will come to you by mail.

Another tip—save this page and when you receive our information, compare it with what we claim here and see if every word we say isn't true. Then, when you become one of our students, compare our material again and you'll see we have made no claims that we can't prove—to the letter.

Yes, we feel that invisible reweaving is a wonderful opportunity for men and women of all ages to engage in a profitable, fascinating and rewarding trade—a business of your own that no one can ever take from you—a business you can enter into with such tiny investment that you will be delighted.

Just send your name and address to us. We'll rush back to you complete information—simple and understandable—without any obligation on your part.

Best of luck,
Ken and Martha Watson
