The Kansas Library
Network Board recognizes that
steps need to be taken to
preserve the recorded heritage
of Kansas. The KLN
Preservation Committee has
been working toward the goal
of developing a cooperative
plan for Kansas.

This Pre-conference
featuring Ms. Margaret Child, a
nationally known preservation
consultant, will highlight what
other states are doing, what
Kansas could accomplish and
what should be in a state-wide
preservation plan for Kansas.

The Kansas Preservation
Advisory committee will be
introduced.
