SAN FRANCISCO

SAN FRANCISCO AT NIGHT

The fabulous city of San Francisco, as seen from Twin Peaks, is a never-to-be-forgotten sight. The city with its myriad lights and skyscrapers has a perfect background in the waters of the Bay. The imposing Bay Bridge is San Francisco's link to the East Bay cities in the background.

are very picturesque as they sell their pottery and wares along the highways. They dress in their colorful shawls, short skirts, finished in hand embroidery. Their moccasins are hand-made of white buckskin and kept pure white with a dressing they make of clay. Their manner of dress dates back to the coming of the Spaniards.
