

SAN FRANCISCO

the City by the Golden Gate

SAN FRANCISCO AT NIGHT

The fabulous city of San Francisco, as seen from Twin Peaks, is a never-to-be-forgotten sight. The city with its myriad lights and skyscrapers has a perfect background in the waters of the Bay. The imposing Bay Bridge is San Francisco's link to the East Bay cities in the background.

Dear Grams + Gramps

I am having
a nice time.

San Francisco is
really nice. By
the time you get
this card, I will
be home.

Love
Ola
