Dr. Forrest C. Allen,
Basketball Coach,
University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen:

I was talking to Cobb Burnside a few days ago in Oklahoma City and he said there was a possibility that you would make a trip into the Southwest around the middle of December and possibly you would be interested in playing Oklahoma A. & M. College.

As you know, we are going to have a new fieldhouse and I would certainly like to play you here, but we are not sure at the present time at what date we can get into our new building. Would you be interested in coming to A. & M. sometime in January? If so, what guarantee would you want?

I would like to play you each year, as I believe we could draw a fine crowd here in Stillwater. I would also be interested in playing you at Lawrence, if you would be interested.

I had a conference with your Mr. Dees this past week and I believe we are going to offer him the position as trainer here at A. & M. I would like to have a letter of recommendation from you to present to my athletic board.

Hoping to hear from you at an early date, I am

Sincerely yours,

H. P. Iba,

Athletic Director.
