Dear Mr. Parmelee:

I have just finished the final arrangements for the Big Six Conference basket ball schedule for next fall. I would have written you sooner, but our conference rules provide that no outside games are to be scheduled before the conference games are set.

You mention January 5 or 6 as possible dates for a game here with you. Our conference schedule calls for a game at Lawrence with the University of Oklahoma for January 7. This is really the opening game after the Christmas Holidays and would not give us any time between games by scheduling you on the 5th or 6th. We might be able to arrange a game the 3rd or 4th, although this would come at vacation time and all of our students would be out of Lawrence for their Christmas vacation.

If you will kindly send me your schedule of games up to date, perhaps we can work in a game somewhere the early part of January.

With best wishes, I am

Sincerely yours,

FCA:CS
