

October 20, 1937.

Mr. A. B. Mackie,
Athletic Director,
Kansas Wesleyan University,
Salina, Kansas.

Dear A. B.:

Mr. Gwinn Henry called me this morning and asked if I would explain to you the basketball schedule that we have planned at the present time, with a view toward a possible date with you at Salina.

I assure you it would be a pleasure for us to play you this year if we can find the date. We have tentative arrangements with two teams concerning a single game. We have 19 games scheduled and we are permitted 20. In case we do not close very definitely with either one of these teams I will be happy to endeavor to find a date to play at your place.

I am sending you a copy of our schedule. As soon as the other date is accepted or rejected, I will pass this information on to Director Henry, who will communicate with you.

Sincerely yours,

FCA:AH

Director of Physical Education.
