Dear Mr. Allen:

Dear Coach Rogers:

I remember that you told us to get any officials that we wanted, but we thought the best were none too good, so we engaged E. C. Quigley and his son, Heinie. They do a good deal of work together.

However, when E. C. Quigley works with any other official, Quigley is the man that runs the ball game because of his dominant and officient personality. I trust that these two men are satisfactory.

With overy good wish, I am

Dear Mr. Allen:

I just received a letter from Mr. Liston of Baker university saying that he would like to play us on December 15 and I am wondering if you are attempting to finish your schedule at this time.

Mr. R. G. Rogers, Assistant Athletic Director, Morningside College, Sioux City, Towa.

Dear Rogers:

I have been absorbed in so many details concerning enrollment and getting the new department of Physical Education under way that I have not had time to answer your letter.

Have you heard from Baker or Ottawa regarding the possible trip down this way? Our tentative dates are as follows:

Dec. 6, Doane College, at Lawrence
Dec. 7, Ottawa University, at Lawrence
Dec. 10, Ottawa University, at Ottawa
Dec. 14, Southwestern College, at Lawrence
Dec. 16, 17, or 18, Washburn College, at Topeka
Dec. 23, Southwestern College, at Winfield
Dec. 29, Drake University, at Des Moines
Jan. 3 or 4, Washburn College, at Lawrence.

I do not see how we can get a game in, but if you have something lined up with Baker and Ottawa I am sure we will try to squeeze it in for you. Let me know what dates you have, and I will reply promptly.

I want to thank you for the very kind words that you have to say regarding the part the faculty played in the coaching school at bake Ckoboji. I also thank you for the stationery.

My kindest regards to Coach Saunderson, and the rest of the Morningside group.

Dear Mr. Allen:

As you suggested I am attempting to line up a trip through Kansas so we can play the 17th or 18th of December. If we were to play Kansas University, what date would you prefer to have us? We would be glad to have you come back to Sioux City the following year if you would care to. I am also writing Baker University and Ottawa College.

I am very sorry that you could not stay for the stag Saturday night due to your father's death.

I believe that this year's school was the best that we have had so far. We could hear nothing but praise for all members of the faculty and trust that we can have you back again sometime in the future.

I am enclosing a couple of sheets of our Coaching School stationery which Coach Saunderson said that you would appreciate having for your correspondence. I regret that this is all that we have, but possibly two sheets will be satisfactory.

We are planning a game on January 7 between the ever-victorious squad of 1935 and the frosh. We will play Oklahoma that night the first game, and after that game the '35 outfit will take on the frosh.

That game falls on Friday night.

I am not sure whether your law school classes meet that evening or not, but if so don't miss school for a ball game, as it is not that important. However, if you are not busy of course we would be happy to have you with the gang to endeavor to tread on the freshmen's toes.

I will be happy to hear from

To have beard from several of the boys and their opinion is that the opening conference game with Oklahoma on January 7th, would be the best time to play the Ever-Victorious Jean vs. the Freshman All-Ster Jean game.

this after the Oklahoma fracas. In other words, the Big Six championship game between Maneas and Oklahoma will be the curtain reiser for the Myer-Victorious - Fresh All-Star game, because Mr. "Frale" whocarries the mail will, of necessity have to play against Oklahoma, and he also desires to play with the rembling wrecks from the M.S. docks of 1938. He will be doing double duty, and, I might add, heavy duty that might.

All of you count on dragging these woolens out of the moth balls and get in tip-top chape, because those freshmen are really tough. Still, I can imagine that the old heads will be thinking, if they won't be moving yory fast. It ought to be a good ball game.

cause if you can't i'm going to have to put in a Phi Beta Lappa or a coed in your place.

Dear Ray:

I have just written a letter to the rambling wrecks of 1935. This, of course, will go forward in the epistle that I am now dictating to you, so you will be advised when these athletes of the vintage of a previous college generation desire to play.

and I am happy to know that you are going to be in Kansas City after the 20th of October. You try to stall the Healey Motors off of the 7th of January, Friday night, will you please? Bud Shaffer says the bankers will let him off any time. I don't know what John D. Rockefeller, Jr., will do about Mit, but I think he can a rrange it if he knows far enough ahead of time.

Don't worry about being skinny as a rail. Wait until you get to be about forty. Your equatorial diameter will be different then!

I certainly will remember you to Mrs. Webster and Earl Falkenstien.

Received your letter some time ago, but have held off answering because as yet I haven't been able to get hold of our scedule for the coming season, As you understand I shall have to make the date fit.

Dear Brothers of the Ever-Victorious Clan:

It seems as if information is leaking out in these parts to the effect that Kansas has in captivity a pretty likely group of young freshman academicians who can toss the casaba around with much skill and dexterity.

Somehow the impression is also current that Kansas once had a group of indoor Galahads who crushed all of the conference opposition before them on a certain year.

Some bright wit thought it might be a good idea to assemble the cohorts of the yearlings and the old men whose waist line is extended somewhat (you notice I didn't mention bulging chests), and match these two outfits before one of our games.

The purpose in writing you fellows is to find a convenient date that it might be possible for you to come. A conference game would be swell, but we would have to play your game after our conference game on account of Old Man Pralle, who is captain by prior right of this year's varsity. He is the only old man we have who still grows whiskers.

schedule, which is just what it means.

Won't you write me and let me know when would be the most convenient time that you out-of-towners could come to town? Pick your game and we will put it on the calendar. You may want the Missouri, Nebraska, or Oklahoma game. If you do, that is swell.

You will understand, of course, that you have an invitation to each and every one of our games this year. We want you here to see our boys perform.

But the mainest motive in writing you at this time is to get you here altogether.

Dear Doc:

I have been out of town for the past few days attending some tax meetings and I returned to find your letter of September 30, waiting for me at the office.

I feel fortunate in being a member of the Ever-Victorious Clan, and because I am a member I still think that we are unbeatable. I'll admit our waistlines have increased, but you'd better warn the new frosh--we are still plenty tough.

Our basketball schedule has been drawn up making it very difficult for me to tie in with yours plans. It seems that your opening conference game with Oklahoma on January 7 is the only date that will work out for me. I take it that you want us to play after a conference game, and therefore, I have not suggested any other dates, with reference to non-conference tilts. If the said date does not work out please let me know and maybe we can make other arrangements.

I'm hoping that we all can get together once again. It will be so much fun to play another game with the old team, let alone having the honor again to play under and for the Worlds Greatest Coach.

I saw the pictures we took in Kansas City and they seemed rather good. I hope that every one will benefit by them as much as the people who made them really think.

Hoping to hear from you soon and that our arrangements will work out, I remain
