Dr. Forrest Allen
Lawrence, Kansas

Dear Mr. Allen:

As you suggested I am attempting to line up a trip through Kansas so we can play the 17th or 18th of December. If we were to play Kansas University, what date would you prefer to have us? We would be glad to have you come back to Sioux City the following year if you would care to. I am also writing Baker University and Ottawa College.

I am very sorry that you could not stay for the stag Saturday night due to your father's death.

I believe that this year's school was the best that we have had so far. We could hear nothing but praise for all members of the faculty and trust that we can have you back again sometime in the future.

I am enclosing a couple of sheets of our Coaching School stationery which Coach Saunderson said that you would appreciate having for your correspondence. I regret that this is all that we have, but possibly two sheets will be satisfactory.

Sincerely yours,

R. G. Rogers
