

November 10, 1937.

Mr. Dee Errickson,
Washburn College,
Topeka, Kansas.

Dear Dee:

I have just heard from John Wulf in regard to working our game on December 16, and he says that he would be mighty glad to work this game as the date would fit in with his weekly schedule at the Kansas City office; however, their annual sales conference will be in session just at that time, and he will necessarily have to be in Chicago.

When you first mentioned Ab Hinshaw I wrote him, and since he moved to Chicago I thought possibly he could not be here for any games. However, I have just received a letter from him saying that he will be glad to work the Washburn game, and that due to the last crack-up of the United he will be around this part of the country.

As soon as I hear from you I will write
Hinshaw.

Sincerely yours,

Director of Physical Education.
