

October 22, 1937.

Mr. Dee Errickson,  
Washburn College,  
Topeka, Kansas.

Dear Dee:

I wrote you the other day about Quigley and another man to work with him. I thought it well to follow this up with a suggestion that before we hire any of these fellows I am wondering if we couldn't say that since these are pre-season games we would like for them to work both games at the same price since the gate receipts will, of course, not be large.

I believe if it is put up to them in that manner they will be willing to do it on a good-fellowship basis. What do you think?

Sincerely yours,

FCA:AH

Director of Physical Education.
