Dr. Forrest C. Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

I was so glad to receive your nice letter of September 17th.

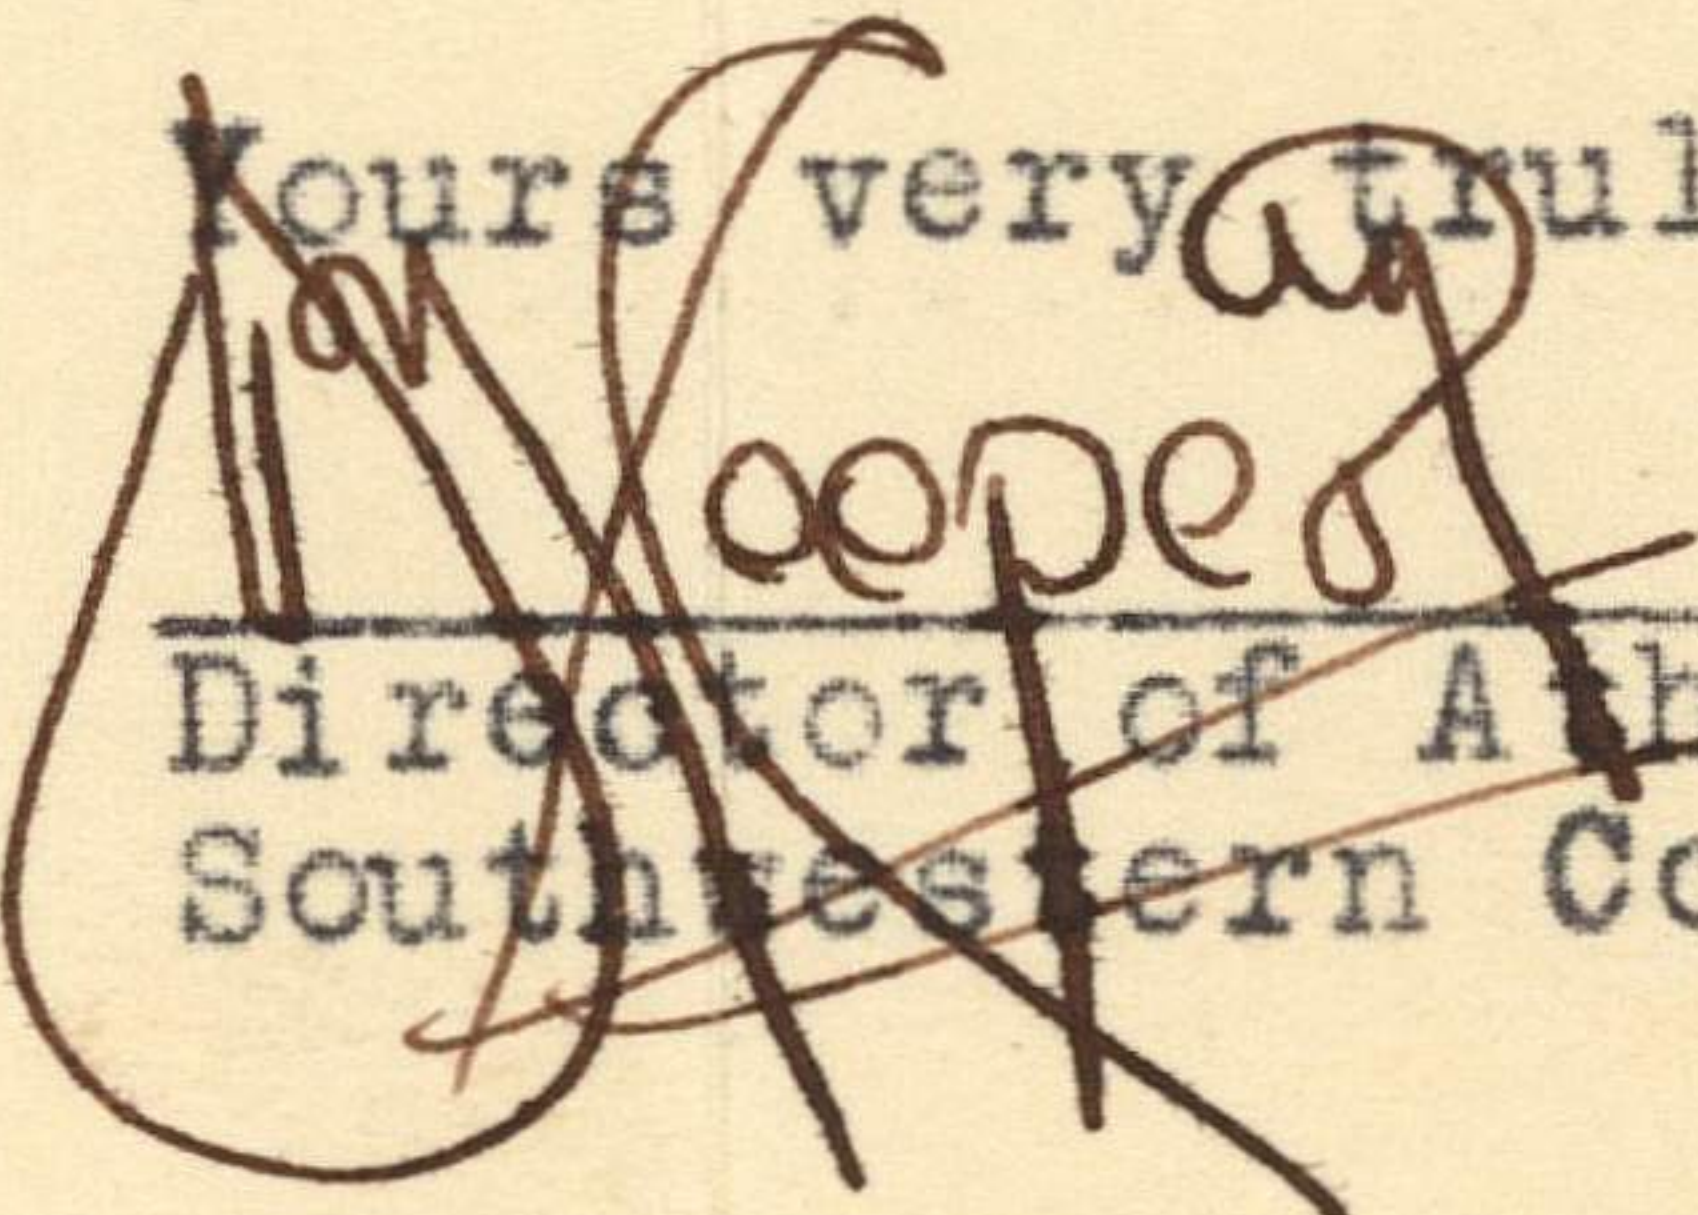

We would like to play you in Lawrence December 14th and in Winfield December 23rd. I believe we can pack them in on this December 23rd date. It is near enough to Christmas that people will be in the spending mood - provided of course you don't give us too much of a lacing in the game at Lawrence.

Let me know when the dates are ratified and when you want publicity released. The Winfield community and in fact the entire southern part of Kansas will be "tickled pink" to know the game will be repeated.

Dr. utter a little prayer for me. My first real team, under my own coaching takes the field Saturday afternoon at 2:30 against Baker at Baker. I imagine I will be a little jittery about that time.

Thanks again Dr. for the dates.

Yours very truly,

Director of Athletics
