Dear "Phog":--

I find it impossible for me to go to Kansas City but wish to thank you just the same for the information which you have given me concerning the meeting. I have notified Frank to the effect that I will meet him in Manhattan after his return from Kansas City.

Would you kindly advise me by return mail as to the type of ball you expect to use for our game? They are undecided in this area as to what will be used. Personally, I like the new ball very much but feel that we should all accept or reject it, inasmuch as there is considerable difference between the two types.

With best personal regards, I remain,

Very truly yours,

A. Eugene Haylett
