

be glad to have you bring your "B" team
down with you.

By the way, shall we play our "B"
games before or after our main games?

I should really prefer to play our main
game at 7:30 and follow it with the

"B" game, at Ottawa - at least.

We are having quite a time to get Basketball
practice started. All but one of our Basketball

men were on the Football Squad - which finished

its season this last week end. And now

we are plagued with a delay in the shipment

of Seal & Saw products which we are using

to refinish our College ^{gym} floor. We have it torn

up at present and have no hope of getting on

it for at least a week. However, I suppose

we shall eventually get to work.

Let me know your wishes for the other
official here at Ottawa.

Sincerely -

Jica Dodson
