

Above is a sketch of the floor plan of the Banquet Room. Located on the mezzanine, this spacious hall provides an extremely attractive locale for convention sessions and entertaining. Broad, tall windows, delicately decorated walls, polished maple floor, faultless appointments—all combine to make this the most engaging of banquet halls.

The beauty of the surroundings is reflected in the quality and preparation of the food. The service is swift, silent

and efficient, and the fact that the serving room directly adjoins insures that hot dishes will be served piping hot. Adjoining the Banquet Room is the mezzanine lounge, where delegates and guests may stroll and relax amid luxurious surroundings.

As are all of our facilities, the Banquet Room and the smaller private dining and meeting rooms are open for inspection daily.
