Dear Sir:

This post is sponsoring a basketball team this winter and it is the desire of the Commanding Officer that we schedule as many attractive games as possible as the morale of our men is greatly affected by a good basketball schedule.

We would like to hear from you about the possibility of arranging games with your team.

Would you please send us any open dates you have and any other information that might help us arrange a good schedule for the soldiers of this base.

Sincerely yours,

*Alvin R. Davis*
