

October 7, 1940

Dr. James B. Smith
202 Green Hall
University of Kansas

Dear Dr. Smith:

I desire to congratulate the Athletic Board upon your reelection to membership of that body.

I am not congratulating you for the fact that it means more work for a very busy man, but the Athletic Board is fortunate in having an individual who can divorce himself from the narrow business of athletics and look at it from the larger angle of sportsmanship.

For that reason I am sending these words of congratulation and appreciation.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
