Dr. Forrest C. Allen  
Director of Athletics and  
Varsity Basketball Coach  
University of Kansas  
Lawrence, Kansas

Dear Doc:

You should have received by this time material for publicity. We had cuts made from our pictures and will send you the mats. Len Perlmutter, a student who has been handling our publicity material, informs me that you should have the mats by the first of the week.

The glass backboards will be all right with me. I have a hunch that Missouri might be pretty good even though they have lost one of their star players. I don't know at this time how good a team I will have. We have been out of competition for two seasons, have not had much continuity in coaching so consequently the boys are very inexperienced.

We are staying at the Muehlebach should you desire to get in touch with us the day of the game.

Best wishes.

Sincerely yours,

*Forrest B. Cox*
