

They are saying to the basketball group something they are saying to no other athletic group in the University. In an institution where you are supposed to encourage physical education they are discouraging definitely the boys who go out and work for a team. If a boy cannot even have the thrill of putting on a uniform, let alone getting into a game, especially at home, then why is not such a rule made in all sports: track, baseball and football.

George Edwards told me that Sam Shirkey, the Missouri representative, had informed him of this rule, and I will thank you if you will inform me if there is such a rule on the books. I had not heard of it and of course I would like to be advised.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
