Mr. Tom Dorney, Coach,  
Ward High School,  
Kansas City, Mo.

Dear Tom:

Reaves Peters spoke to me about the Ward - Northeast game being played in the Auditorium before our games. Reaves stated that it was your home game and that perhaps you might want your students passed into that game.

Since there are so many other teams playing, I may have some difficulty getting that across, but if you will write me frankly whether you do want this done or not, I will be glad to do what I can. I am desirous of getting a confidential expression from you and then doing the very best that we can for you.

Won't you let me hear from you at a very early date?

Very sincerely yours,
