Dear Sir:

We are planning our 1944-45 basketball schedule, other than our scheduled games in the Second Air Force league, and it is our desire to play your team. A home and home arrangement would be desirable, with each team being responsible for their own expenses. Our home games will be played in the Civic Auditorium in Pratt, Kansas.

The majority of our players are former college varsity men, and our player-coach is Lt. E. C. Ochsenreiter, former star with Maryland University of the Southern Conference.

Enclosed you will find our Second Air Force schedule. We can play your team on any other dates. Would you please let us know at the earliest possible time if you will play us, and if so the dates you desire.

Sincerely yours,

Herman J. Preseren
