Memorandum -

V-12 Office:

This note is to explain the absence of Don Barrington, a member of the varsity basketball squad, from his 11:30 class on Friday, January 7.

The team left on the 1 o'clock train. It was necessary that the boys eat and pick up their luggage before that hour, in order to board the train at 1 o'clock. With the taxi service and other transportation problems as they are, Don Barrington would not have been able to get to the train on time if he had waited until after his 11:30 class had been dismissed at 12:20.

Varsity Basketball Coach.

Dear Doc:

It would relieve me of some work if I did not assign officials for the non-conference games, but the expense is very little.

There are several reasons why this office should assign all officials:
1. The schools still have the right to say whom they would like to use in these games, but it gives us an opportunity to get in, and keep in,touch with these officials- sometimes they are new men.
2. We want every officialsthat works in our games to attend the Clinic and if I assign him I feel free to ask him to come. If they live too far from Kansas City and have only one game we do not expect them to come.
3. Thereiissthe very likely possibility that some men might work too many games for a given school unless I know all the assignments, and at the time the assignments are made.

I agree with you that the same men can work the High School game that works your game with Rockhurst. I take it that you mean the games here in Kansas City Dec. 11th.

The postscript about the two Aggie games was meant for Bruce Drake.

Will probably see you here Saturday the 4th.

Sincerely yours,

Reaves

November 30, 1943.

Mr. Reaves E. Peters,
342 So. Chelsea,
Kansas City, Mo.

Dear Reaves:

I am sending you a schedule of games, but just this morning I received a letter from Dee Errickson asking that their date be changed at Lawrence from February 1 to January 31. I told him that we would play on February 2 to accommodate him, so that is still up in the air. He writes me about officials and suggests Mike Oberhelman and Cecil Peterson.

Since this is another war year and since we are playing so many service teams I believe it would be much better for us to arrange our officials than to have you go to all that trouble. You handle the officials for the Conference games, but I believe the non-conference officials can be expedited much easier than to bother you with them.

For instance, it is possible that in our Rockhurst game we may get the same officials to work the college and high school games. This hasn't been done as yet, but I see no reason why we should not save money where it is possible. What do you think about it? We are planning to use some of the officers here in some of our service games.

Our prospects are very uncertain as we never have the same line up twice, but I believe we will get ironed out a little later.

In your postscript you state that Lance has been assigned for our games with Oklahoma Aggies. This postscript must have been intended for Bruce Drake as we are not playing the Aggies this year at all, and perhaps won't due to that unfortunate situation on the Lawrence court last year.

If this arrangement on officials does not suit you let me know and we will try to cooperate with you, but economy is the watchword and I think we can handle it better this way until the war is over.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Doc:

Noticed in the Star yesterday that you had just about completed your non-conference schedule for this season. Will you please let me know if that schedule is correct.

Am working on the assignment of all officials. Let me know some of the officials you would like to use in your non-conference games. I notice that many of these games are with Service teams and you will probably want to use men very close by, and at the same time give some of the new men a chance to see what they can do.

We are holding our Clinic here Sunday the 12th. and want to get all officials that are working to that meeting.

What are your prospects for the year?.

Sincerely yours,

Reaves

R. E. Peters

P.S. We have Lance assigned to both of your games with Oklahoma Aggies and have contacted Abb Curtis. Jim St.Clair will let us know whether or not he will be using Abb on those dates just as soon as their conference schedule is drawn up.

Dear Reaves:

I don't especially care for House and Hinkhouse, but the others in your list are all right. Hinkhouse showed too many rabbit ears when he worked for Jack Gardner to suit me, and he has lost his decisiveness.

Mike Oberhelman is the best. We are playing John Lance on January 3rd, but any other games he would be all right.

I like Eddie Hogue, and I would use Eddie Hess. The first two that I mentioned are the only ones I would rather not use.

Dear Doc:

Won't you please list the following officials in the order of your preference for games at Lawrence, and add any others that you care to:

Lance, John	Pittsburg, Kansas
Brown, Roy	Kansas City, Mo.
Claude Cochran	" " "
Hess, Edwin	" " "
House, Louis	" " "
Hogue, Ed	" " "
Oberhelman, Mike	Randolph, Kansas
Peterson, Pete	Topeka, Kansas

Hinshaw, Abb	Kansas City, Mo.
Kopelk, Carl	McPherson, Kansas
Hinkhouse, Darrell	Beloit, Kansas

I am going to hold a clinic for basketball officials here the first week-end in De cember and it will be necessary that I have your response to this right away. I am asking that all men that are ass igned to games in the B ig Six attend this clinic; any other official that cares to may attend.

Sincerely yours,

R. E. Peters

P.S. Please return McDermott's letter and tell me what you think about using him at Ames. Of course Louie does not know anything about him. In general I would say that the Eastern officials do not go so well out here but you may think differently.

November 6, 1943.

Mr. Karl Klooz,
Acting Athletic Director,
University of Kansas.

Dear Karl:

I am sending you a tentative schedule of basketball games that I would like to have you submit to the Athletic Board for approval.

The policy has been to make no long trips. The longest ones we plan on making are against our Big Six Conference members. I prefer to play, so far as possible, service teams in the state and adjacent to Lawrence. We have a date February 5th with the Iowa Seahawks at Kansas City which is questionable, but we are holding that reservation in Kansas City so that we might play somebody there to make some money if we are not successful in scheduling the Seahawks. This was a game with Great Lakes, originally, but the Great Lakes commandant refused to let the Great Lakes team play outside of the fourth collegiate district, Big Ten area.

John Lance, of Pittsburg Teachers, also wants us to play at Pittsburg, but I have given him no encouragement. It would be a reciprocal guarantee if we played at Pittsburg.

The Hutchinson Air Base also wants to play us at Lawrence and at Hutchinson, and I think it would be a good thing if we could do so. I would suggest that we have one set of blank tickets printed with a service team notation on it when you have tickets printed. This date is not in the calendar at present, but I am rushing the schedule to you on account of the necessity for printing tickets.

There are two things I would like to recommend - first, that we have an attractive basketball schedule printed on a card that will fit into a billfold, yet I would suggest that we make it much more attractive than the football schedule. By comparison with Lawrence High School and Haskell, the appearance of our schedule card looked bad. And I would have a good many of these printed. We could distribute them at Rotary, Kiwanis, Co-op, Eldridge Hotel, Sunflower Ordnance Works, and a great many places.

I have been sending out communications for two months regarding basketball answering inquiries as to our possible playing dates, and so forth. I have told them that these dates must have confirmation, but people want a schedule that they can carry in their pocket so they can consult it regarding their in and out of town dates. There has always been a great demand for these printed schedules, and I am sure that this year will be no exception. At the Country Club at least a hundred fellows

from time to time have asked me about the schedule. Several people to whom I have spoken thought we were not going to play basketball. For that reason I would recommend that we have printed a large attractive window card, say a hundred at the minimum, to be distributed down town and left at places where the public can learn our dates and our opponents. These cards, in my opinion, will pay for themselves several times. And too, it casts a collegiate athletic atmosphere in the town to have something attractive and readable during the basketball season as an urge to added attendance.

There is one point that I think we might discuss regarding the admission of service men. I would suggest that we offer them a season ticket price low enough that you can make some money and if they do not take that then I would let them take the best seats available at reserved seat prices, the same as you have always done. This is none of my affair and I do not care to make any suggestions, only I thought the question might be in your mind.

One thing I am sure of, you are going to sell a lot of season tickets and you are going to have fine attendance at the basketball games. We will have a very young team but it will be a fighting team and a fighting team will draw a crowd if you win a part of your games.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Varsity Basketball Team --

Dear Fellows:

I am leaving now for Salina and Pratt to fill four speaking engagements, but will be back for practice Wednesday afternoon. This is one of the obligations that a coach is forced to fill. I dislike very much to leave you boys but I am sure that Coach Porter will carry on in good shape until my return.

Many of you are feeling very much depressed. This is not the way that it should be. We knew that we were not in full strength, but it was for the purpose of improving ourselves and eliminating errors which we made Friday night that will help us a great deal in later days. The ASTP were men much more mature who had much more basketball experience than any of you. Bean was an outstanding star on Valparaiso University last year. My son, Milton Allen, saw him play in the National Intercollegiate tournament in the Municipal Auditorium and he was a standout. All of these fellows were much older and they showed more basketball ability than our younger boys did.

I am going to point out a few of the faults - not in a critical way but in a constructive way. On A-P #1 play Bob Malott did not swing around and face the basket, but turned his back to the basket. It is necessary for the player to face the basket to make either plays 1, 2 or 3 effective from this situation. Sherwood, I thought, played a splendid game, especially considering the fact that he had an opportunity to work very little with the squad. Scott did splendidly but seemed to be repressed. Scotty, you were in too big a hurry on this A-P #1 play. You were not cool enough but you fought hard.

Turner, while lacking the fundamental practice that the other boys had, also showed up especially well. Your height and reach, together with the power in offsetting the Army's rough tactics, made you look especially good. Corder, instead of dribbling away and keeping away from Stevenson, a more rugged and more expert dribbler, kept dribbling too close to him. You remember he stole the ball from you once, Dean, when more caution on your part would have been to stay further away from him. Another thing - you dribbled in and set your plays up too close rather than to pull them back and lastd the team by pulling the whole set up back near the congestion rather than forcing them down close where the congestion became more acute.

Sparky, as he diagnosed his own trouble, dribbled down the side line too much instead of cutting in. There were too many long shots attempted by the entire squad, and Sparky's long shots fell short many times. However, you played your heart out, Sparky, but I think you were trying to carry the whole load rather than to relax and let some of the other boys feel that they had an equal share in it. Your nervousness on free throws was apparent. Remember, each free throw counts one point and you missed six of them, although you made five, which is not a bad record; but I think you are a better free thrower than that in the clutches.

Lindquist, due to the fact that the team was going poorly, perhaps, did not play as good a game as he is capable of. Bill, I notice that you did not make any fouls and I want to commend you on that. However, you did swing at the ball once and I am sure you closed your eyes because you made a complete swing and missed that big 29 inch ball. And also I thought you shot too long. However, you were a more finished player than any of the others on the floor, save McSpadden.

Diehl, you will remember that on a tip off play on the east goal you walked away from the basket toward the tip off play at the free throw line, and Bean received a pass right in under the basket. That is where you should have been stationed on the tip off play.

Now, fellows, these points that I am bringing out -- and I could mention five hundred more -- were the cause of your defeat. I am not criticizing you. I know that we haven't the power now that we will have after football season is over, and we had a light, immature and young club. I saw how rough the game was going and that is the reason why I put in Turner and Diehl. You two made a tremendous improvement in holding the chargers back. I was pleasantly surprised at both Turner's and Diehl's work.

I do not want any of you to get discouraged. I assure you that I am not and I am saying it with utter frankness. I knew that we would be beaten by a very superior team. But you boys got a lot of experience in defeat that will do you a lot of good. Understand that I am not expecting you to keep on learning through receiving set backs. We are going to win the majority of our games, but of course we will have to improve on fundamentals. All these things I have showed you how to prevent or not do. There wasn't a play situation that happened against us but what I had taken up previously with you, but you will remember that I said I never get discouraged until I tell the same man a thousand times the same thing. After that I begin to get a little blue. Certainly I am not blue from having told you five or ten times. I have still got nine hundred and ninety-five more statements to make before I begin to get down at the mouth. So cheerio, boys! Don't worry& But I will let you in on a secret. When we get at our full strength we are going to play Coach Porter's ASTP team and it may be necessary to call the packing house employees to clean up the carnage; but we will makeall those necessary agrangements before the battle. This game will be played some time in January when we have an opportunity to say that we are at our full strength.

Now, let me say a word in behalf of Coach Porter. I thought he did a swell job with his bunch of boys. Coach Porter doesn't want to coach the Army team because he wants to coach you fellows. He wants to work with me in building the best Kansas team it is possible to make out of this group. So he is our coach and not their coach, but he and I worked this out together so you fellows would have some competition. This was not a game on the regular schedule, but merely an intramural game. But the next game will be a regular game, and we will count Coach Porter as one of our coaches.

Now, Howard, you tell them anything you want to. I am on my way to points west. Good luck, fellows, and keep your chins up. And remember, <u>a team that won't be beaten can't be beaten.</u>

Cordially yours,

FCA:AH

Varsity Basketball Coach.

Mr. W. S. Chandler,
Basketball Coach,
Marquette University,
Milwaukee, Wisconsin.

Dear Bill:

I thank you for your thoughtfulness in asking us to participate in your double header games in Milwaukee December 31 - January 1. We have definitely formulated a policy to do the least possible traveling this year for our varsity basketball team in conjunction with the wishes of the ODT.

The longest trips that we will make will be against our conference opponents. All other games will be adjacent to Lawrence. Many of our games will be with Army and Navy teams.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
