UNIVERSITY OF KANSAS

WITHDRAWAL NOTICE

To Dr. Allen

The enrollment of Mueller, Travis

in AST Phys. Ed. 9:30-11:20 M; W, MS. is withdrawn

on account of changing section

Paul B. Gorman Dean.

Date 2/21/44

January 12, 1944

Members of Faculty:

1. It is necessary that the Review Board to pass on the grades of army boys meet Thursday at 1:30 p.m. We are asking that all grades be in this office by Wednesday, 5:00 p.m., January 19, if at all possible.
2. The army examinations will be given Friday and Saturday, Jan. 21 and 22. There will be no classes on those days for the army boys.
3. The cards to be used for reporting the grades this time are similar to the one enclosed. If you need additional cards please call my office.
4. Any change of grade necessary because of the last week of work will also be sent in on this same type of card by January 29.
5. There will be no classes on January 15. Geography and Physics will have their tests in Hoch Auditorium that day.

Sincerely yours,

Bert A. Nash
Director, AST Program

November 11, 1943

Members of Faculty in Army Program:

Since our only method of checking the enrollment in the particular classes is the return of the class cards, we hope you will make doubly sure that you have a class card for every boy attending your classes. Please be sure that on each card the name of the course and the hour are correct. In the case of Mathematics and English classes, we would like to have the room number indicated on each card.

It is important that these cards be returned to the College Office as soon as possible so that we can make out our enrollment lists. It would facilitate the work if these could be arranged alphabetically and be in the College Office not later than Saturday, Nov. 13.

The first report of the boys will be at the end of the 4-weeks which would be December 4. The 4-weeks report of boys with D's or F should be in my office by Monday noon, December 6.

Sincerely yours,

Bert A. Nash
Director, AST Program

BAN:o

F.S. The same procedure for reporting absences will continue as for last term. In other words, each instructor will report the absences in his classes at the end of each day so that the military office may pick up the reports from the office of the head of each department.

Members of Faculty:

The following list of men are to be separated from the AST Program immediately. It is essential that we have all the grades for these boys in this office by Friday morning. Will you please enter the grades for each boy listed here on the enclosed card and sign. Showing grades as of January 1st.

We are sorry to have to hurry, but we try to give the instructors as long a time as possible in making up their grades previous to the date which the army requires, hence, we have to hurry for this report. If work is incomplete, indicate on card withdrawn passing (WP) or withdrawn failing (WF) according to standing at time of withdrawal.

A.S.T. Instructional Staff:

Schedule of Grade Reports for A.S.T.P.

November Term

End of 8 weeks of term, Jan. 1

Military achievement tests to be given Jan. 3,4,5.

Report of all very probable failures in a course to be in my office by Jan. 5.

Report of all grades for term in my office by Jan. 20.

Report of any changes in grades as sent in, as the result of last week of work, in my office by Jan. 29.

Sincerely yours,

Bert A. Nash
Director, AST Program

December 27, 1943

Members of Faculty:

Grade Reports and Examination Schedules

1. Not later than noon, January 5, there should be reported to me on orange colored cards the names of the boys who are probable failures in each course. This does not mean that each of these boys will certainly fail, but it will be an indication of the probable number of boys who will fail and also indicate to us which boys might be separated from the program at that time.

2. All grades for all boys should be reported on white cards and be in my office not later than noon, January 20. These cards will show the final grade for the term, subject to change where the work of the last week seriously affects the grade and causes it either to be raised or lowered.

3. Any changes in any grades in a course as a result of the last week of work should be in my office by Saturday noon, January 29. It is presumed that this will not affect many of the grades. Use white cards for the report of any changes.

4. Examination Schedule. It is proposed to have the following examination schedule:

Term I & II History: 1 hr. examination, Hoch Aud., 10:30 a.m., Saturday, Jan. 15.

Term I & II Physics: 2 hr. examination, Hoch Aud., 1:30 p.m., Saturday, Jan. 15.

No other classes in the army program will meet on this date. Saturday is selected for these examinations for the reason that there are fewer classes scheduled and hence there will be less lost class time.

Geography: 1 hr. examination, Hoch Aud., 4:30 p.m., Monday, Jan. 17.

Geography, Term I & II, scheduled at this hour so that all Geography students may take the examinations at one time. This hour causes no loss in other academic class time. English and Geography classes meeting at this hour will meet 4:30, Tuesday, Jan. 18.

English, Chemistry, and Mathematics will give their examinations in the regular class periods, presumably on January 17 & 18. All classes will meet regularly on Jan. 17 & 18. Although this is technically the final examination, please do not announce any final grades to boys until the end of the term. An additional test should be given the last week.

It now appears that we shall have approximately 100 boys in Term I next term, 275 in Term II and 175 in Term III, or a total of about 550 in the Basic year.

P.S. Also, please do not inform the boys that you are turning in any term grades before the end of the term.

Sincerely yours,

Bert A. Nash

December 15, 1943

Heads of Departments in A.S.T. Program:

Enclosed are some cards for boys who withdrew last term. According to our records, these boys withdrew as failing, which is indicated by the WF. The date of withdrawal is indicated on the card.

Will you please have the proper instructor sign the card and send the cards directly to the Registrar's office.

Bert A. Nash
Director, AST Program

November 26, 1943

Just to remind you that the 4-Weeks report on students in your classes who are receiving low marks is due in this office Monday, Dec. 6. It is desirable that you indicate the reason for the low marks if you are able to do so.

The cards upon which you make the report of your D, F, or Inc. students are available in this office. If you need additional cards, please let us know about it.

Sincerely yours,

Bert A. Nash
Director, AST Program

ARMY SPECIALIZED TRAINING PROGRAM
UNIVERSITY OF KANSAS
LAWRENCE, KANSAS

OFFICE OF THE
UNIVERSITY COORDINATOR

A.S.T. PROGRAM

Report Cards for End of 11 Weeks

Faculty Members in Army Program:

We have new cards for reporting the progress of the A.S.T. students in the various courses on October 25. These cards should be used to report the probable term grade for all students.

The reason for having the grades turned in by October 25 is that we may submit to Omaha immediately the names of the boys who will fail one or more courses. Any boy who fails one course or more is to be withdrawn from the program.

It is probable that the examination to be given the 29th or 30th of October may alter the term grade reported by Oct. 25. Please send in such a change at the end of the term on a new card. If the final grade is the same as the estimated final grade, you need not send in another card.

Will you please indicate for any boy for whom you report a grade of F whether this grade is a relatively high F (F+), a medium F (F), or a very low F (F-). This will enable our committee to determine the seriousness of the deficiency which the boy may have. Some grades may later be modified, after conference with the instructors, if it is necessary to reduce the number of boys who might be withdrawn from the course.

It would be very helpful if some statement of a boy's work could be made on the card, especially if the grade is D or F.

These cards must be in my office, Rm 18 Fraser, by noon, Oct. 25.

Sincerely yours,

Bert A. Nash
Coordinator AST Program

A.S.T. PROGRAM

October 9, 1943

Members of Faculty:

Will you continue to use weekly reports of absence this week. The report for week ending October 9 should be in my office Monday a.m.

Starting Monday, October 11, we would like to have each instructor have a report of each day's absence in the office of the head of his department by 5 p.m. Col. McMorris will have these collected from such office each morning about 8:30. Use the regular absence report card, but turn in the card each evening. These absence report cards will be returned to you, indicating whether the absence was excused or unexcused.

Additional absence cards are available in my office.

Sincerely yours,

Bert A. Wash
Coordinator, AST Program
