

I am sorry that it will be impossible to see you this summer, but I do want to see you this fall and talk with you regarding the New York situation. I was hoping to give a good account of ourselves there, but last night I received word that several of our boys who were too tall for the Army and Navy are to be drafted. Their number is up. I think it is too bad that a boy that is too tall and will not be accepted by the service on account of his height is drafted by the same service.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
