Friend Mr. Allen:

I have been rather anxious to break into the Big Six as a basketball official for the past year or so but evidently don't possess the proper contacts or whatever it takes. I've had a very good schedule for years in the Central and Kansas Conferences.

I would appreciate it greatly if you would bring my name to the attention of the other coaches and the commissioner when the Big Six meets this week end in Kansas City. Thank you very kindly for any help you may be able to give and best wishes for a good season.

Very truly yours,
W. P. Astle
