Dear Dr. Allen,

The enclosed should bring a blush to your cheeks and those of your boys. I assure you it is extraordinary for our rather conservative sheet to go "gaga" over any person or group of persons but we sure did like Kansas - that you may gather from the clippings.

There are no copies of our Feb. 12 issue available but our All-Opponent Team included Evans, Black, Boykoff and Levane of St. Johns and Applebee of Rhode Island, just in case you might be interested.

And by the way, the double-column discussion marked "January 8" is the work of my predecessor. I don't want you to construe this as a one-man admiration campaign.

With all best wishes for more great years,
I am

Sincerely yours,

Bob Rowan
