Basketball - Miscellaneous

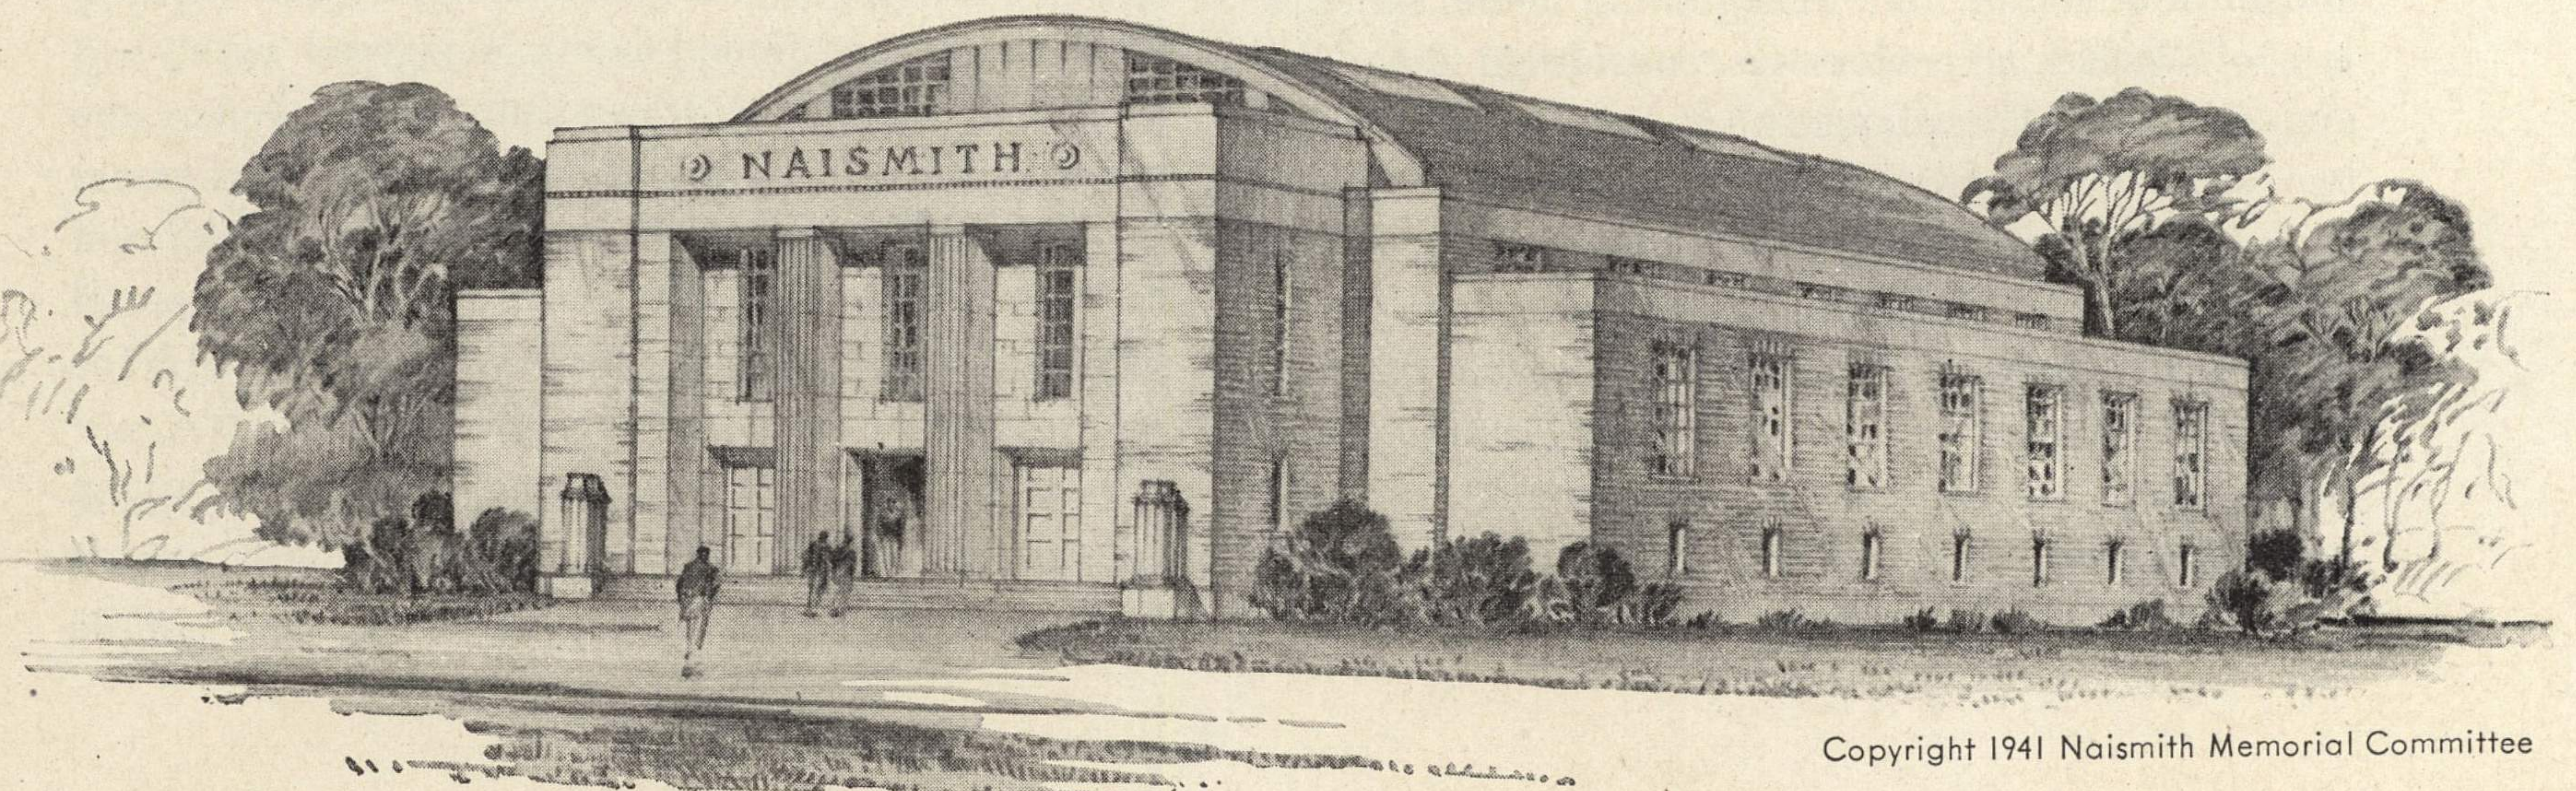

Basketball, which is celebrating this year its Golden Jubilee, is the sport the whole world plays.

Invented in 1891 by Dr. James Naismith, it spread quickly to every part of the globe.

Aim of the Golden Jubilee is the construction of a TEMPLE OF BASKETBALL which will immortalize Dr. Naismith. This monument to a great sportsman will crystallize the ideals and traditions of the game and be the permanent shrine of All-America teams, past, present and future.

Every team that conducts a Golden Ball Game will be honored by having its picture together with a record of its Golden Ball Game preserved in the Hall of Fame.
