

November 3, 1943

Department Heads in AST Program:

These cards are to be filled out by each boy at the first class session. Classes start Monday, November 8. It is planned that the boys will have their enrollment completed and books issued by Sunday evening.

Make sure that each boy is in the proper class before filling out one of these cards. You have received a few extra cards for each class since it is not planned to fill any of the classes to the maximum indicated on the schedule sent to you a week ago.

Bert A. Nash
Director, AST Program
