

July 23, 1942.

Mr. C. G. Bayles,
Superintendent,
Buildings and Grounds.

Dear Mr. Bayles:

I have received your bill for the labor costs in connection with baling the hay, but before paying it I would like to talk with you some time at your convenience.

The price we gave you, \$6.50 per ton, was cheaper than you could get the hay anywhere else, and we are losing money on the deal. I am remembering the advertising that comes over the radio - "it makes you feel better faster". But on this deal we are losing money faster.

The baler charged us for 418 bales of 75 pounds each. This amounts to two tons more than we sold, and I am unable to understand why there should be that much shrinkage.

I'll be glad to talk with you at your convenience.

Sincerely yours,

FCA:AH
