

June 30, 1939.

Mr. C. G. Bayles, Supt.,  
Department of Buildings and Grounds,  
University of Kansas.

Dear Mr. Bayles:

I remember quite distinctly that you informed me that your budget was curtailed and I knew that it would be impossible to get new equipment in room 202B. However, the small closet in this room has had the plumbing taken out of it some years ago. It was at a time, I imagine, when the building was not used as much as it is now.

I was wondering if you had any old all-spring toilet seat fixtures that you could replace in this room. A spring seat toilet would be better than none at all, although I would much prefer to have the other kind.

We do not have any money for the purchase of new equipment, of course, but I was hoping that you might have an old spring seat that could be used. When we have picnics and gatherings in the gymnasium it is not only very convenient, but sometimes quite necessary to have toilets on this floor.

We appreciate all the good things that you have done for us, and if you do not have any of this equipment on hand we will understand.

Very sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball Coach.
