

On campus mail that must be sealed it is not economical to use the University Envelopes which have been printed with lines for six addresses. They cost 75¢ per box, whereas the ones without the lines cost only 25¢.

Special attention is called to the necessity of saving typewriter ribbon spools. In the near future it will probably be necessary to have an old spool in order to buy a new one.

Tires on University delivery trucks are getting thin, and new ones cannot be obtained, which necessitates a gradual curtailment of delivery service. A fact which is regretted, but which cannot be avoided.
