

April 15, 1942.

Mr. Karl Klooz,  
Bursar,  
University of Kansas.

Dear Mr. Klooz:

The enclosed Purchase Request No. 26316 is for rental of ten acres owned by Professor and Mrs. D. H. Spencer, which we are renting in order that our intramural program may be carried out this spring and next fall.

Before negotiations were made with Dr. Spencer I took up the matter with Chancellor Malott and Mr. Raymond Nichols, and obtained their approval for the department to rent this property. Due to the fact that the Buildings and Grounds Department is doing extensive grading on our intramural fields it is necessary that we use this Spencer tract for softball and football fields.

Arrangements have been made with Mr. C. G. Bayles to out and harvest the hay on this land during the summer, for which he will credit this department.

Sincerely yours,

Director of Physical Education and Recreation,  
Varsity Basketball and Baseball Coach.
