

UNIVERSITY OF KANSAS  
The Thirty-Eighth Annual Summer Session  
**Schedule of Classes**

**June 11 to August 7, 1940**

Directions for Summer Session Students

**Registration**

1. Register in Frank Strong Hall, June 11 or 12. Hours for registration, 8:30 to 12:00 and 1:30 to 5:00. Registration must precede enrollment for class work.
2. New Students entering from high school must secure a registration permit from the Registrar, Room 124, Frank Strong Hall.
3. New students presenting credits for advanced standing must secure a registration permit from the Advanced Standing Committee, Room 120, Frank Strong Hall.
4. Former students are checked and receive a registration permit in the Registrar's Office, Room 122, Frank Strong Hall.
5. Students who may wish to apply work toward a graduate degree must register as graduate students. No permit required.
6. Special students attending summer session only and not wishing to apply work toward any degree should secure a special enrollment permit at the table in the rotunda of Frank Strong Hall. This table will be near the entrance to the Registrar's Office.

**Enrollment**

1. Enroll in Robinson Gymnasium, June 12. Enter at the east door. Hours for enrollment, 8:30-12:00 and 2:00-5:00.
2. Secure an enrollment card at the desk of your dean. Printed signs will direct you.
3. When your enrollment card is completed, have it approved or checked by your dean's representative. Present the card next to the scribes in the "pen" at the west end of the room. The clerk at the west door will collect your enrollment card as you leave. Enrollment is not valid unless your card is in the hands of this clerk.
4. Regular class work begins Thursday morning, June 13. Classes will meet Saturday, June 15. Note carefully the schedule for the time and place of each recitation. Two hour courses meet four periods per week. Three hour classes meet daily and the work of the sixth session may be arranged by agreement between the instructor and his class. Five hour classes meet two periods daily. In certain science courses additional time is required for completion of laboratory work.
