

June 5, 1942.

Dean George B. Smith,
School of Education.

Dear Dean Smith:

Confirming our conversation of this date, I beg to inform you that beginning next summer, for next summer's work I do not care to be considered as a teacher for any of the classes for next summer, nor do I care to be responsible in any way for the summer recreative playground work.

To say the least, I am badly disappointed in the attitude of the budget committee for the Summer Session.

Very sincerely yours,

FCA:AH

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
