Folk dances and singing games for little children will be in charge of competent, personable young woman. These will be on a large platform, where a piano will be available.

All-school picnic - at least one will be held on the campus for all summer students, faculty, their families and friends.

Swimming schedule - hours for instruction and for open plunge will be arranged for both men and women, under the supervision of competent instructors. Co-recreational swims will be arranged for three or four evenings if desired.

Softball round-robin schedule for the men will begin during the second week of school and continue each week throughout the 8-weeks session.

Tournaments will be planned in Turf Bowling (which is similar to Bowling on the Green). This should be an attractive sport, and it is planned to have teams among faculty groups, students, Lawrence civic clubs, and possibly groups from out of town.
