HENRY WERNER
MEN STUDENTS' ADVISER

September 20, 1943

Dr. F. C. Allen
105 Robinson Gymnasium
Campus

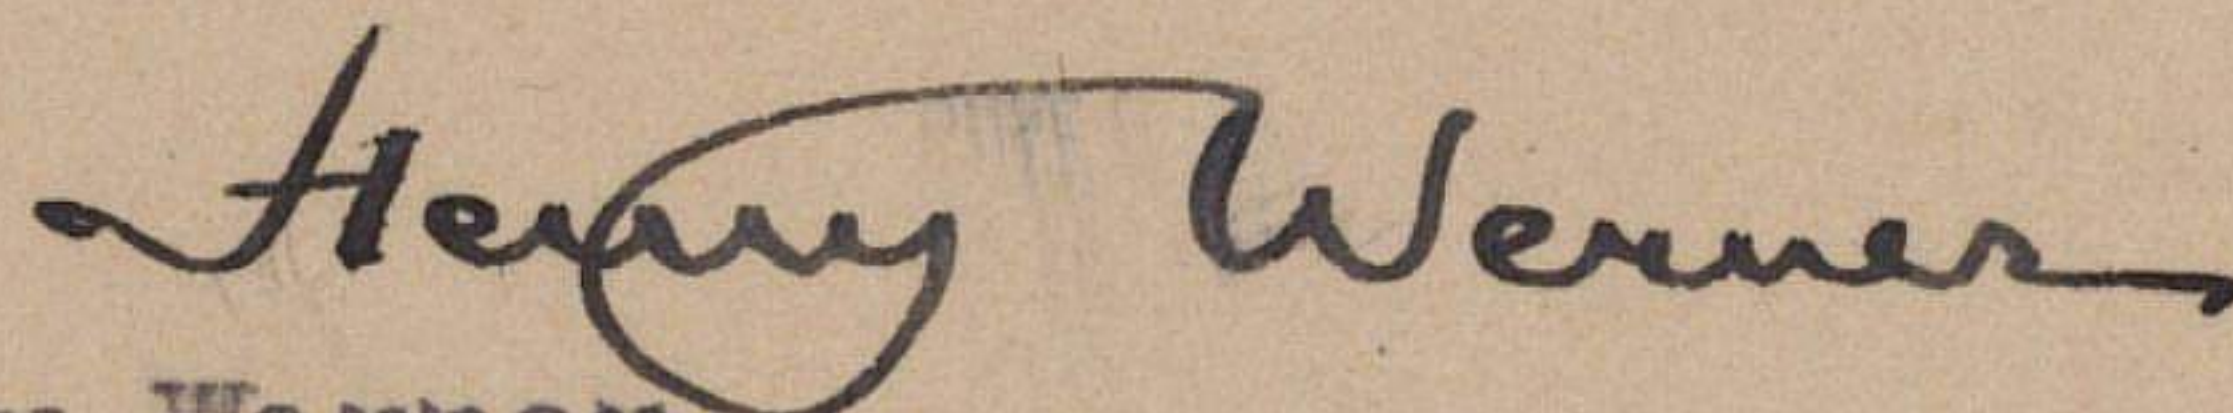

Dear Phog:

I am thinking it will be necessary to get this spare-time program lined up for the military students in addition to the civilian group. Going over what we outlined the other day, I have the following noted as being in your sphere:

Tennis - south of the gym and at the stadium
Basketball - A-12 see Captain Morris; V-12 see Ensign Ware; and
Army Medicals see Lieutenant Weeks
Handball - four courts south of gym, open at all times
Horseshoes - check out shoes at basement of gym; courts are back
of gym
Softball - courts are on south intermural field; check out bats
and balls at basement of gym
Volleyball - on tennis courts south of gym and in women's gym;
check out equipment at basement of gym
Touch football - field south of intermural field; check out
equipment in basement of gym
Gymnastics - in main gym

I wonder if you would mind checking this list, and adding any pertinent information to it. The thought is that we should post a large poster showing all of these activities and others which are available. I would appreciate your comment on this at the earliest opportunity.

Very sincerely yours,

Henry Werner
