

September 21, 1943.

Mr. Henry Werner,  
Men Students' Adviser,  
University of Kansas.

Dear Mr. Werner:

I acknowledge receipt of your letter of September 20. You will remember at our conference that I stated it would be necessary to hire someone on Sunday to keep the checkroom open and to supervise this type of work.

Captain Morris, Ensign Ware and Lieut. Weeks I am very sure will give their approval of such a program and would appoint some responsible member of their outfits to supervise the boys. But it will take a paid civilian to check this stuff out and back in again, and so forth.

Do you have any money available, or does the University have money available for this? I imagine it would take at least fifty cents an hour and maybe more to get such an individual. I am sure that we can begin operating as soon as we get the green light financially.

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
