Dear Bert:

I am wondering when you will want to begin your intramural program for the A-12 boys. I presume the hour will be 4:30, but I am also wondering if you will want to use any evening hours.

We are trying to allocate the places and times to suit everybody. Some of the groups have already asked for spaces and hours, and it is necessary to know what the other groups desire.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
