

September 18, 1941.

Mr. Raymond Nichols,
Chancellor's Office,
University of Kansas.

Dear Raymond:

Mr. Chandler informs me that the bill for the electricians' work on the quadrangle has been denied, due to the fact that this would exceed the budgetary allowance which was made for the Summer Session.

Each year Dean Swarthout paid \$15.00 to have the lights put up for his stage where the "Sing" and the Band concerts were held on the quadrangle. I talked to Mr. Chandler about this two years ago and he said that he was sure some allowance would be made for this and that we should be credited with that amount. The estimate of this bill was \$30.00. For two years Dean Swarthout has not paid anything, and this would take care of the \$30.00 estimate. The bill ran to \$44.09.

Previously Dean Swarthout paid for putting up the lights, but since our playground started to operate it seems as if we are paying the whole bill.

Therefore, do you not believe that we are entitled to some credit on this bill, as we are shouldering the entire amount? I would appreciate your reaction.

Very sincerely yours,

FCA:AH

cc to Mr. Chandler.
