Journal-World,

Dear Sir:

In the June 6<sup>th</sup> edition of the Journal-World, your ad stated that you desired a young woman capable of teaching archery. I am a student of the University, 20 years of age + will be a senior next year. My first two college years were spent at Junior College of Kansas City, Mo., at which I took archery. I became rather good at it, sometimes instructing the newer students as they came in. I am extremely interested in archery + like it very much. I have not arched for the past year, but I am sure that a little practice will make me fitted for instructing archery.

Sincerely,

Marguerite Harris
