kansas city, mo, dec. 30... oklahoma's kvatingvx
collision with kansas here wednesday night wiiixmavkvxkvxvkvx
kvxvsvvkvxv for the big seven tournament basketball title, will
be only the second between the two teams in eight years of
tourney play. oddly, kvxkvxv the clubs' first meeting also
was a title kvxvkvxv contest also, the sooners wrenching a
52-49 verdict on paul courty's twisting lefthander in
the final minute of play.

courty's mates that year included wayne glasgow
at the opposite forward; bill waters and marcus freiberger at
center; and ken pryor and cat merchant at guards.

the sooners went on that year to share the kvx
conference bunting with nebraska, losing fifth district repres-
entation in a playoff with the cornhuskers.

by no stretch of the imagination can this year's
redshirts be classified with that kvxkvxvkvxv brilliant unit
of five years ago. kvxv nevertheless the current brigade moves
against the jayhawkers are the most torrid club in this tournament.

ou came into the meet with a drab 1-3 record.
all its done in two nights is smash its old single-game scoring
record twice with a pair of back-to-back 48-percent shooting
exhibitions and score the second major upset of the meet
by derailing nebraska.
