topeka, kan. dec. 25xx 26 (change dateline to kc).....
two records are certain to topple and three more will be in dire danger here this week as big seven basketball clubs poised to tip off in their sixth annual christmas tournament in municipal auditorium.

kansas, co-favored for the title with kansas state, wikk pumchzthwzkidzoffzz and colorado, pry the lid off the affair at 8 p.m. wenesday night. oklahoma and stanford, this year's guest team, tanhle at 9:45 p.m. in the second half of a first round bargin bill.

the defending champion wildcats meet nebraska atx thx while iowa state is facigg missouri in the final night of first round play thursday.

the record smashing is expected to be drawn from the two x meet favorites, kansas because of itsvx clyde lovellette, its monstrous center, and kansas state because of its terrific 10-cylinder attack.

xumukusvxvx ckoudburstxclydexisvxx unless he breaks a leg, cloudburst clyde will smash two of his own meet records, those field goals
thxxk for most pointks incavsivngkvxtournamentxyx82yxandxx and most points in axtournamentx an individual tournament career. although he has played only six tourney games, the 244-pound , 6-9 mt. oread pivot wrote those two standards last year wikhx at 62 and 146 respectively.

since he will carry an average of 28.6 points per game on the planks against cu, he also is a menace to most points in a single tournament, which he already ownw at 82xx 82 . by maintaining his mean in tournament play, lovellette will reach 86 points.

maynard johnson's single game mark of 38 digits, which

the quick minnesotan threw in from the post against colorado last year, also is within reach. lovellette already has stuffed home 42 in a single game this season, reaching that figure against smu in dallas two weeks ago.

with an eight-game average of 71.4, kansas state is a good bet to topple the 207-point single tournament record etched by nebraska's 1949 five. the cornhuskers averaged 69 points per start in this meet with the help of one overtime contest.

state also will threaten nebraska's single game point aggregate of 285, with which harry good's redshirts outlasted cu in the same meet. the aggies hit 92 against potent hamline last week and own many of the same scrapers that wheeled past that figure three times last year and equalled it once in regular season play. this year's purple edition, re-inforced by more height and speed, is off to the swiftest start in school cage history.

the two-team record of 152 jointly held by nu and iowa state in that 85-67 overtime, also could topple. thursday's meeting of k-state and nebraska is the best bet since both clubs score freely.

the four-day affair will crown a champion saturday night with all teams playing three games, losers' bracket play will open friday afternoon.

tourney notes: takkest freshmen in the x meet will be burdette haldorson, of colorado and charles ott of nebraska, both of who measure 6-8... for the first time since the meet was originated there will be no hands playing their fourth tournament because of post-war freshman eligibility.... however the yearlings this year will be eligible for a fourth season since they draw the advanateg of the big seven's one-yearmoratorium on the frosh rule becasuse of the korean war..... two football regulars, don branby, colorado end, and george hess, iowa state defensive halfback, hope to shake gridiron rustiness during the tournament for the more important conference warfare which begins january 3.... missing will be charlie hoag, kansas' three-spprt ace, who's chronic football groin injury won't allow him to play until the league season opens.

npr collect, sports desk, the times, okla. city,okla.

be making
k kansas city,mo. dec. 28... k oklahoma will xxkx its
thixdxbidxforxaxbexrkuxinvthexbigxsevenx
bid for a third trip to the big seven tournament finals here friday when bruce drakes' sooners sail into missouri in the windup half of another basketball double-header in municipaal auditorium.

champions in 1948 and runners-up in 1949, the redshirts will have pulled the meet's major surprise if they reach the king row again. they came into the tourney with a downcast , 1-5 record. their first explosion was a 77-71 conquest of highly-favored stanford wednesday night as sherman norton poured through 39 points for a new single game meet record.

instead of underdogs they now will be even-money bets to brush aside the tigers, who have been traditionally tough for them during spraky stalcup's regime at columbia.

those two arch sunflower foes,kansas and kansas state will collide in the front portion of the twin attraction at 8 p.m. the jayhawks got there by smashing colorado,76-56 wedneaday. state thumped nebraska, 87-67, thursday in a game that saw both team and two-team single-game scoring totals records scmashed.

although the sooners clipped the tigers last year in the loser8s bracket here, they still need a big win to cancel mu's upset 44-42 triumph in the 1949 finals plus two conference victories last year.

it will mark the third tournament meeting between the two foes with a 1-1 split to date.

this promises to be a battle to the wire with the keyhole clogged all night by ou's tightly-knit rev lving post offense and mu's traditional deep-set defense. whether or not the bengals can slip the handcuffs on the torrid norton will furnish the most intense individual chaper. the lank

dpr collect, sports desk, the times, okla. city, okla.

lawrence, kan., dec. 24...only three players, jim buchanan, nebraska senior guard; iowa state's 6-7 center, jim stange, and missouri's rebound horse, bill stauffer, are conceded a chance of breaking into the big seven basketball tournament's career scoring elite this week.

the sixth annual show, a 4-day run, begins unfolding wednesday in kansas city's municipal auditorium and every member doubtless will carve a spot somewhere in the first ten of all-time meet point makers.

buchanan, the scarlet's fine all-round senior, needs only 20 points to dislodge a former teammate, bus whitehead, now with phillips 66, for a spot in the current top ten. stange needs only 21. stauffer needs 32, and average of slightly more than 10 points per tournament game.

jim iverson, kansas state's steady senior guard, next in line among this year's assault crew, is 53 points away, something that would take a 17.4 point per game average to accomplish.

only four men crashed the upper crust last year, and one of them, jerry waugh, of kansas, was a four-year hand. he and ernie barrett, kansas state all-american, moved into second place at 101 points. wayne tucker of colorado, and bob pierce, whitehead's towering sucessor at nebraska, were the other two.

only active member of the top ten in this year's tourney will be k clyde lovellette, ku's gigantic scoring machine, who already has taken a wide lead in only six games. he now rests at 146 points for two meets and will raise the ceiling every time he notches a point beginning wednesday night against colorado.

here is the way the all-time list reads now:

	g	g fg	ft	mft	pf	tp
clyde lovellette, kansas	6	62	22	10	21	146
ernie barrett, kansas state	9	43	15	7	30	101

jerry waugh, kansas	12	43	15	1	20	101
wayne tucker, colorado	9	36	27	6	19	99
bill waters, oklahoma	11	38	18	13	27	94
kendall hills, colorado	9	37	19	1	28	93
don paulsen, iowa state	12	31	30	15	31	92
dan pippin, missouri	9	38	18	5	13	92
bob pierce, nebraska	9	28	31	14	26	87
bus whitehead, nebraska	9	34	18	5	27	86

buchanan by maintaining his average of xxxxx 14.2 points per gamexyvbuchanxxx through the tournament , buchanan can leap as high as second place on this list. he has canned an even 100 points in nebraska's first seven games.

matching par figures for his first seven games would push lovellette to the astronomical figure of 230 tournament points in just three years. cumulus clyde is traveling at a 28.1 per game pace , tightening his grip on the xxxxxxxxxxx ncaa scoring leadership last saturday with a 30-point slave against xxx usc.

tournament notes: the meet will draw two of 17 remaining undefeated teams in major college competition

kansas and colorado will yank up the curtain at 8 p.m. wednesday. oklahoma and stanford follow at 9:45 . kansas state's defending champions tackle nebraska in thursday's curtain-raiser with missouri and iowa state following.

consolation play will open friday afternoon and xxted

loser's bracket play will open friday afternoon and extend through saturday afternoon. winner's bracket semfinals are billed friday afternoon and finals saturday night. xxxxxxxxxxxxxxxxxxxxxxxx the semifinal losers will play saturday night's opener.

tournament notes: the meet will sport two of the nation's 17 remaining & undefeated major teams in kansas and stanford... the jayhawks have won their first seven, the indians their first eight.... by ~~winning~~ successfully defending its championship kansas state can become the first team in meet history to cop two ~~in a row~~ straight crowns..... stanford will ~~enter the tourney with the best~~ enter the tourney with the best record among competing teams, but its title chances can't be considered bright..... no guest club ever has won the affair since smu took the opener from kansas in 1946.... and there were two invited fives that year since colorado ~~a~~ did not join the old big six until ~~1947-48~~ the beginning of the 1947-48 basketball season..... oklahoma and kansas state will go into the meet atop the composite all-time standings with 11 victories and four losses each.
