

tournament notes: although ~~nebr~~ nebraska has lost
 its first two games, cornhusker guard jim b^hchanan is one of the meet's
 top hands....aside from being a prime play-maker he has scored 47 points
 ou^s sherman norton not only will go into the final night as the
 tourney's top ~~point~~ pointsmith but he now ~~own~~ owns the meet record of
 most consecutive free throws.... his seven ~~a~~ for seven against missouri
 ran his string to 20, thus snapping his tie at 13 with bob petrsen, iowa ~~sta~~
 state guard who has held the standard since 1948.... rorton canned 13
 without a miss against stanford in the opening round..... ~~one~~ the
 experimental rule played in the losers' bracket did not gain much support
 from the coaches... " i think anyone who is behind might favor the rule",
 said chick suthelrand of iowa state.... " the present two-shot foul is too
 cheap ", opines nebraska's harry good.... " but this penalty is too ~~expens~~
 expensive . competitive shooting is still the basis of basketball , and
 this puts the pen^{al}ty ~~put~~ the emphasis on non-competitive (free throw)
 shooting."
