May Twenty-third

Dear Phog:

Here's the piece.

The girl had to organize a searching party no less painstakingly than if she were going to follow Sir George Hubert Wilkins into the polar regions.

But the girl succeeded-- and that's what counts.

It is, she says, the last Sunday sports section copy to be found around this plant, outside the files.

Sincerely,
File 70 Special WAR
Sports Editor

Dr. F. C. Allen,
University of Kansas,
Lawrence.
