University of Kansas,
Lawrence, Kan.

Dear Dr. Allen:

We wish to thank you heartily for the autographed copy of "Better Basketball". We have read it with great interest.

You are to be congratulated on your untiring efforts in making this book a reality, which will be a great contribution to the youth of the world. We believe also that your book will enable us to become better spectators at basketball games.

May we extend to your family and others who helped you our greatest admiration and respect.

With best wishes for your continued success.

Very sincerely,

Mr and Mrs Herbert Alphin.
