Dr. Forrest C. Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

The pressing football season has made it difficult for me to keep up with me correspondence. I assure you there has been no intent in overlooking your kind letter of October 14th.

It certainly was nice of you to write us the way you did regarding the injury to one of our men in the Minnesota game. I am happy to inform you that he is now making rapid progress and will soon be out of the hospital and back in school. It was necessary to operate to remove a blood clot and as soon as this operation was performed he started to improve very rapidly. His parents have certainly been good sports and good soldiers all the way through this ordeal and have been in a most cooperative frame of mind.

The arrangements for the basketball coaches meeting Saturday, December 4th is entirely satisfactory with me. I just hope that we will be able to meet at the hour set and not have so much delay in getting under way as has been in evidence in the past.

In regard to the Bask-O-Lite goals, I would like to reserve my opinion on these until our meeting in December. If the other coaches in the conference are in accordance about these goals, I assure you I would not have any objection to the goal. At the present writing I have not had any time to give to basketball and would be guided by what the other men decided to do.

In regard to the candle power of light necessary for taking motion pictures, this matter has been left in the hands of Mr. Selleck. Supposedly authorities have differed in their opinion regarding the necessary amount of candle power of light necessary for this purpose. Our lighting
