engineers on this campus say 18, our floor has about 12 and it is a little bit too dark for the pictures to be as satisfactory as one would like to have them. We will be interested in what you find out and intend to do regarding your floor so will appreciate your keeping me posted.

Right now I feel as though basketball was a long way off, but certainly appreciate the fact that in a few more days we will be tooting the whistle and will be trying to work out a few up and in plays.

With best wishes,

Sincerely yours,
