

Dear \_\_\_\_\_:

I have just checked over your grades with the college Office and I find that you have the following low grades:

According to Kansas basketball tradition, all those making failing grades must check in their suits until their work is brought up to Satisfactory. For those making D grades or Unsatisfactory grades there is a probationary period of one week until those grades can be brought up to Satisfactory.

However, no player is permitted to participate in Kansas basketball varsity and freshman competition while their work is listed as Unsatisfactory. Therefore, it will be necessary for you to see your instructors and satisfy them as to your Unsatisfactory and failing grades. Unless a letter is produced from the teachers stating that your work is satisfactory, you will not be permitted to participate or even to practice basketball until this work is brought up.

I will be glad to see you make progress toward your academic work.

Very cordially yours,

Varsity Basketball Coach,  
Director of Physical Education.
