

my administration, and having had that experience I have been especially sympathetic with my superiors in the expenditure of money. For instance, last year basketball was allotted \$300 for freshman coach. I coached both the varsity and the freshmen, and expended but \$50.00 of the \$300 for 35¢ an hour student assistance. This year I have been using Ernst Uurlaub, a student who is pursuing his master's work here, and to date we have paid him \$45.00. I believe this is indication enough of my cooperation and loyalty to the cause.

Very cordially yours,

Varsity Basketball Coach,  
Director of Physical Education and Recreation.
